

HOW TO FIND YOUR MACHINE MODIFIER CODE

Every machine will have a unique 8 digit Machine Modifier Code. We will need this code to issue registration codes. To find your Machine Modifier Code use any of the following methods.

- 1) If your 30 evaluation is expired, the following message appears when you launch the software.

- 2) On the "About" screen: (In Comcash POS, "About" is under "Extras". In Comcash Manager it is under "Other")

- 3) Run KeyManager.exe: [click here to run KeyManager.exe](#) (normal this program will be in the programs folder for the product i.e for Comcash POS c:\program files\comcash 8.0\keymanager.exe
